SCIENCE AND ELEMENTARY TECHNOLOGY MID TERM 3 EXAM

ACADEMIC YEAR 2025-2026

CLASS: P.6

SCHOOL NAME:……

PUPIL'S NAME:……

EXAMINATION DATE:……May ,2026

100

INSTRUCTIONS:

- ***Pray before starting.***
- ***Show your work clearly because marks will be given according to the steps.***
- ***Use of calculator is NOT allowed***
- ***Attempt all questions***

Time : 2hours

Prepared by Tr KURAWIGE(0791739446)

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

1. Which is bigger: KB or MB? (1 mark)

……

2.Which of the following pairs consists of tools used by a mechanic?

A) Trowel and Hoe

B) Wrench and Screwdriver

C) Saw and Plane

D) Needle and Scissors (1 mark)

3.Complete the below of tools with their uses. (1.5 marks)

Tools	uses
clamp	
	Cutting metals
Bellow	

4. Which of the following groups contains three special tools used by a blacksmith? (1 mark)

A) Anvil, Tongs, and Forge

B) Spanner, Jack, and Screwdriver

C) Chisel, Hand saw, and Plane

5. Memtion two reasons why tools should be properly stored (1 mark)

……

……

6. Which simple machine is used at the top of a flagpole to raise a flag?

A) Inclined plane

B) Lever

C) Pulley

D) Wheel and axle (1 mark)

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

7. Which of the following correctly lists the three classes of levers?

A) Upper class, Middle class, Lower class

B) First-class, Second-class, Third-class

C) Primary class, Secondary class, Tertiary class

D) Fixed class, Movable class, Compound class(1mark)

8. How much work is done when a force of 50 N is used to move a load through a distance of 3 m?

A) 15 J

B) 47 J

C) 150 J

D) 150 N (1mark)

9. Group the following items into the three classes of levers(.fishing rod .hoe. see-saw .wheel barrow . scissor. Paper cutter.

First class lever	Second class lever	Third class lever

(3 marks)

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

10.Use the vocabulary in the box below to complete the missing gaps. Choose the best which matches with the idea.

Load, simple machine, effort, machine, fulcrum, compound machine.

a) ……..….is any device which help people to work.
b) ……is the turning point of a machine or lever.
c) …… .is a device made up of few parts and make people's work easy
d) …….is the mass of an object to be lifted by the machine.
e) …….is made up of many parts and simplifies people's work.
f) …….is the force applied to the machine to lift the load. (3 marks)

11. Why is it not advisable to stay in a room with a burning charcoal?
……
……
……(1 mark)

12. Choose the correct gas responsible for globle warming. (1 mark)
i)Hydrogen peroxide
ii)Carbon dioxide
iii)Sulphur dioxide
iv) Nitrogen dioxide

13. Contrast green house and go green (2 marks)
……
……
……
14. Which part of air help in the following process. (2 marks)
a.Respiration……
b.Photosynthesis……
c.Germination……
d.Preserving food……

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

15. Vaccination helps to: (1 mark)
A. Spread diseases
B. Prevent diseases
C. Increase pests
D. Cause infections
16. Give two characteristics of a good cattle breed to rear (2 marks)
……
……
17.i. To make text darker and thicker, we use: (0.5 mark)
A. Italic
B. Underline
C. Bold
D. Font size
ii.One importance of emerging technologies is: (0.5 mark)
A. Increased production
B. Increased pollution only
C. Laziness
D. High costs only

iii. An example of emerging technology is: (0.5 mark)
A. Chalkboard
B. Typewriter
C. Artificial Intelligence
D. Radio

17.iv.Robots are used in: (0.5 mark)
A. Agriculture only
B. Hospitals and industries
C. Forests only
D. Homes only

18. .List down any three components of scratch window. (1.5marks)
……

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

……
……

19. _____ is the process of writing computer programs.

A) Hardware

B) Programming

C) Telecommunication

D) Data processing (1 mark)

20. Explain the meaning of the following commands as used in turtle art. (2.5marks)

a) Forward……

b) Back……

c) Left……

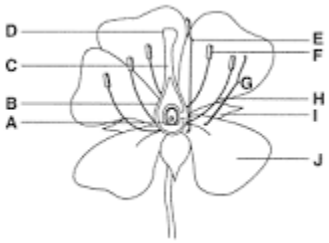

d)Right……

e)Clean……

21. How can scratch sound editor help you in sound editing? (1.5marks)

……
……
……

22. Name the parts of the flower below.

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

a)Name the parts labelled (2marks)
D: …… J: ……..
F: …… C: ……

b) Identify the male parts of the flower. (1 mark)

……
c) Identify the female parts of the flower (1 mark)

……
….
d)After fertilization ovules become……while ovary becomes…… (1 mark)

23. .Match the parts of a flower with their function. (3 marks)

a) Petals	1. contain ovules
b) Sepals	2. Receives pollen grains
c) Stigma	3. Holds stigma in position
d) Style	4. Produces pollen grains
e) Ovary	5. Protect young flower
f) Anther	6. Attract pollinators.

24. Identify three uses of leaves to a plant (1.5 marks)

……
……
……
……

25. Match the words in (A) to their meaning in (B) (2.5marks)

A	B
Respiration	Green colouring matter in leaves.
Germination	How green plants make their food.
Transpiration	Growth of seed into seedling
Chlorophyll	Exchange of gases.
Photosynthesis	Loss of excess water from plants.

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

26. Match the following crops to their mode of propagation (2 marks)

Crops	method of propagation
Straw berry	Sucker.
Cassava	Grafting.
Avocado	Layering.
Bananas	Stem cutting.

27. Differentiate between pollination and fertilization (2 marks)

……
……
……...

28. Why should blood be screened before transfusion is done? (1 mark)

……

……

29. Match the the following components of blood to their functions (1.5 marks)

Blood components	Function
Red blood cells	Fight against disease
Plateletes	Carry oxygen to body parts
White blood cells.	Clot blood and stop bleeding.

30. Why is blood pumped to lungs before it is supplied to all parts of the body? (1 mark)

……
……

31. Mention any three functions of blood in the human body. (1.5 marks)

……
……
……
……

32.a) Dust particles and germs are trapped by the …….and ……. found in the nostrils

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

b)Satate the importance of the following in our bodies.
i) Respiration……..

ii) Excretion…… (2 marks)
33.a) Read the steps listed for each of life activities and re..arrange in correct order. (2.5marks)
i) Air travels into the trachea.
ii)Air then goes into the bronchi.
iii)Air enters the body through the nose and mouth.
iv) Air goes from the alveoloi to the capillaries.

V)Air goes into the alveoli.

b) Give any two things that would happen if the lungs failed to work.

……
…..……

(0.5 mark)

34.Write down four secondary sexual characteristics in both boys a girls during adolescence. (2 marks)

……
…..……
35. Write the following abbreviations in full as used in reproduction
a)STIs……
b)AIDs……
c)HPV……
d)IUD……
36. a)Give the difference between sperm and ovum interms of their shape and size . (2 marks)

……
……
…..……
……..……
……..……
……..……

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

37. Select the best letter to complete the statements below. (2.5marks)

I. Fertilisation in female takes place in…….

a) Vagina b) Uterus c) Ovary d) Oviduct.

II. Which one of the following is not part of male reproductive organ.

a) Testes b) Cervix c) Sperm duct d) Seminal vesicle

III. Sperms are produced and stored in ……

a) Epididymis b) Sperm duct c) Testis d) Seminal vesicle.

IV. The long tube which connects the foetus to the mother's placenta in the uterus is…….

a) Vas deferens b) Umbilical cord c) Uterine lining d) Fallopian tube.

V. Which one of the following is another name for uterus?

a) Uterus wall b) Stomach c) Womb d) Placenta.

.

38. a) Match the process in A to their meaning in B (2 marks)

Process(A)	Meaning (B)
i)Ovulation	a Union of sperm and ovum
ii)Implantation	b. period from fertilization to birth.
iii)Fertilization	c. The release ovum by the ovary.
iv)Pregnancy	d.attachment of the embryo to the uterus wall

b) . Suggest four ways of keeping the hygiene of the reproductive organ (2marks)

……

……

……

……

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

39.a .Match the following energy resources to their wastes. (2 marks)

a.Water	i) Animal and plants.
b. Biogas	ii) Trees.
c.Wood fuel	iii) Hot spring
d.Stream	iv) Dams

b) Answer True or False . (2 marks)

a.The bending of light is called reflection…….

b. Electricity is man made source of light……

c. Opaque objectives allows light to pass through them…….

d. The moon reflects its light……

40. Use the magnetic and non – magnetic materials below to complete the table.

(Iron nails, wooden spoon ,copper coin ,iron fillings ,steel ball, zinc coin ,glass rod , office pins , silver plate, plastic pin) (5marks)

Magnetic material	Non-magnetic

41. Answer True or False (2 marks)

a. Magnets are strongest at the poles……

b. Like poles attract …….

c.Magnets attracts wooden object……

d. Unlike poles repel……..

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

42. Give any three properties of each state of matter. (3 marks)

Liquid	Solid	Gas

43. a)Calculate the mass of a body with a density of 0.9g/cm^3 and a volume of 20cm^3 (2 marks)

……
……
……
……..

b) Will it sink or float if it is immersed in water. First find its relative density (1 mark)

……
……
……..

44. Which of the following doesn't involve in the change of state? (2marks)

i) Boiling of water to steam.
ii)Melting of ice to liquid water.
iii)Freezing of water to ice.
iv) Crushing of stone

45.Matter can change from one state to another .
State any four examples to support the above statement . (2 marks)

……
……
……
……
……
……

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

46. Which one below explains data sharing? (2 marks)

a. Sharing knowledge.
b. Sharing work.
c. Sharing the same data resource with multiple users.
d. Sharing document.

47. . Collaboration is the ……. (2 marks)

a. Copying from a friend.
b. Drawing image.
c. Naming document.
d.Sharing activity on the XO laptop with friends

48. Tick the popular programming languages for kids. (2 marks)

a. Luo.
b. English.
c. Python.
d. French.
e.Java script

49. State 2 methods you can apply to conserve soil. (2 marks)

……
……
……
……

50. Complete the table about the crops and their examples given (4 marks)

Wheat ,groundnuts, cassava, millet, soya beans, spinach, yams, onions.

CROPS	EXAMPLES
Cereals	
Legumes	
Vegetables	
Tubers	

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.

"Many would have been successful men if they had not been lazy. They lived a sort of passive existence, waiting for something to turn up, when they should have turned something up themselves. They lacked that energy which is essential to success." Ellen. G. White.
